Products:

BatchMaster ERP

Our Flagship product, BatchMaster ERP, is a true process-centric solution serving the manufacturing, distribution, finance, compliance and quality needs of your business.

BatchMaster Point-Of-Sales (POS)

A web-based software solution for wholesale, distribution, and retail businesses, it can be used online on iPads, Android tablets or laptops. By syncing the complete information of products, customers, and orders into a single platform, it makes it easy to scan products, check for inventory, apply discounts or offers, and accept payments both in plastic money as well as in cash. Ultimately, helping retailers improve customer service, increase productivity, reduce thefts and offer better retail experience.

Integration with MAGENTO:

Integration of BatchMaster Enterprise with Magento helps manage your business online. The integration provides a seamless method to completely collaborate your ERP system with your current or upcoming Magento stores. Via this integration, orders from your Magento store and website will automatically be loaded into the BatchMaster Enterprise ERP solution – along with an alert about order arrival. It enables complete synchronization of item records, price lists, inventory, taxes, business partners, orders, deliveries, shipping & tracking, and payments.
