BatchMaster ERP for Epoxy & Resins

Strengthens every component of your business

With a rise in its end-use in industries such as paint & coatings, constructions, transportation, aerospace, electrical & electronic laminates, marine coatings, etc., and increased R&D and technological advancements, epoxy & resins industry is growing steadily. However, its manufacturers continue to face challenges on a few fronts. Volatility in raw material prices, availability of substitutes such as polyurethane and phenolic resins, environmental concerns, adherence to strict regulations, intense competition etc., pose obstacles in manufacturers' routine activities.

Manufacturers' search for a comprehensive solution, which can help them deal with all the challenges and achieve profitable growth, ends at BatchMaster ERP for Epoxy & Resins. A robust ERP solution designed specifically to meet the needs of epoxy & resin manufacturers, it helps them with new product development, sustain the intense market competition, meet regulatory compliances and deliver on-time plus to specification. Formula security, bi-directional lot traceability, efficient vendor management, by-product and co-product management, among others further simplify the operations for Epoxy & Resin manufacturers giving them quality time to focus on growth-driving activities.

Products:

BatchMaster ERP
Our Flagship product, BatchMaster ERP, is a true process-centric solution serving the manufacturing, distribution, finance, compliance and quality needs of your business.

BatchMaster Point-Of-Sales (POS)
A web-based software solution for wholesale, distribution, and retail businesses, it can be used online on iPads, Android tablets or laptops. By syncing the complete information of products, customers, and orders into a single platform, it makes it easy to scan products, check for inventory, apply discounts or offers, and accept payments both in plastic money as well as in cash. Ultimately, helping retailers improve customer service, increase productivity, reduce thefts and offer better retail experience.

Integration with MAGENTO:
Integration of BatchMaster Enterprise with Magento helps manage your business online. The integration provides a seamless method to completely collaborate your ERP system with your current or upcoming Magento stores. Via this integration, orders from your Magento store and website will automatically be loaded into the BatchMaster Enterprise ERP solution – along with an alert about order arrival. It enables complete synchronization of item records, price lists, inventory, taxes, business partners, orders, deliveries, shipping & tracking, and payments.
